LIBERALS GIVE WAY TO LABOR

Convention Decides Not to Nominate a Liberal Candidate but Endorses the Labor Candidate for Rocky Mountain Riding

The most enthusiastic, harmonious and representative convention ever held in Rocky Mountain constituency was that of the Liberal party, held in Eagle hall, Wednesday afternoon.

When Captain Beebe, of Blairmore, president of the central Liberal association, took the chair shortly after 4 o'clock, some thirty delegates had assembled, in addition to several posers. Through an unfortunate oversight the north end of the riding was not represented—but—what from Mr. Brewster, of Banff, stated, that the north was with the convention in any motion for the general good.

A credential committee, consisting of Mayor Ouimette of Coleman, W. McGowan of Frank, A. M. Dunsmore of Lundbreck, and A. McLeod of Blairmore, certified to the rights of the delegates.

Captain Beebe of Blairmore, Alex Cameron of Coleman, C. Bannister of Lundbreck, T. J. Tomkins of Frank, F. W. Dault, F. W. Robbins, and A. McLeod of Blairmore, A. M. Dunsmore of Lundbreck, W. J. Hamilton of Passburg, Patrick Dillay of Hillcrest, Mayor Ouimette of Coleman, and others made brief but stirring addresses eulogizing the Sifton government for beneficent legislation and pledging their hearty and earnest support to Hon. Mr. Sifton and the members of his cabinet.

Recognizing the fact that this is essentially a Labor constituency, and being advised that a Labor candidate had announced his intention of contesting the riding, it was the consensus of opinion of the Liberals assembled that it would be unwise and unfair to nominate a Liberal candidate.

Moved by Alex Cameron of Coleman, seconded by C. Bannister of Lundbreck, "That this assembly of Liberals, representing Rocky Mountain constituency, do hereby endorse the Labor candidate but that we individually and collectively heartily endorse the Labor candidature of William B. Powell, ex-president of the District 18 United Mine Workers of America, and pledge our votes to do all in our power to elect him as a member of the Legislative Assembly of the Province of Alberta."

The motion was carried without a dissenting voice, and the convention adjourned.

Captain Beebe made an ideal chair-

man and fulfilled the onerous duties of his office in a manner which gained him many friends.

Public Meeting at Opera House

In the evening a public meeting was held in the opera house, presided over by Alex Cameron. It was the intention of the committee in charge of arrangements to have had several outside speakers to address the electors on the vital issues of the day, but owing to unforeseen circumstances only one speaker could be secured—J. W. McDonald, of Macleod. But he more than made up for quantity in the quality of his talk.

Mr. Cameron gave a brief but comprehensive address on local conditions and political issues, then introduced the speaker of the evening.

Mr. McDonald gave a short resume of some of the work of the Sifton government having for its object the betterment of laboring men's conditions. He touched on the Alberta and Great Waterways question, the redistribution bill, the machinery bill and the Mines Act, proving most conclusively that the Sifton Government had legislated in the interests of the farmers and working men. The speaker was listened to with close attention, and his remarks carried conviction into the majority of those present.

The Labor Candidate

William B. Powell, Labor candidate for Rocky Mountain constituency, is worthy of the confidence and support of the electors of this riding. Formerly a mine worker at Michel, he now holds the highest office in the gift of the miners—president of the U. M. W. of A. District 18—by sheer integrity, honesty, and true manhood. He lived in Coleman for several years, during which time he made a host of warm friends, those who knew him best being his most ardent admirers. Mr. Powell is well known throughout the length of the Pass and should make an ideal candidate. He goes before the electors absolutely without any string tied to him or his actions, his friends feeling amply assured by his past life that "Bill" Powell, as he is universally known, will "do all that may become a man."

PROVINCIAL ELECTIONS, APRIL 17

Within six hours after the prorogation of the provincial legislature Tuesday afternoon, a proclamation was issued by His Honor Lieutenant Governor Bulyea dissolving that assembly, accompanied by the notice that the cabinet council had advised the holding of a general election on Thursday, April 17th, with nominations on Thursday, April 10th.

SUPPLIED WITH APRONS STEPHENSON NOT GUILTY

By the Ladies' Auxiliary of the Institutional Church

Everybody has aprons now, after the sale held at the club rooms by the Ladies' Auxiliary of the Institutional church Tuesday afternoon. And aprons were not the only good things offered by the ladies. There was tea, just like mother used to make, and candy for those with the proverbial sweet tooth. The sale netted some \$70.00.

In the evening there was an entertainment in the church. Mayor Ouimette occupied the chair and gave an interesting address on the land of the heather. Rev. T. M. Murray delivered an entertaining lecture on Scotland, illustrated with lantern views gathered while visiting the old country last summer. Miss May Macauley and Mrs. W. Watson sang Scottish melodies, and Mr. J. Russell gave an imitation of the bagpipes, on the violin. The entertainment, which was well patronized, closed with the National Anthem.

Appointments Gazetted

The last issue of the Alberta Gazette contains the following appointments: Notaries Public: Frank Jas. Smith, of Hillcrest; John Harold Jackson, of Pincher Creek.

At a meeting of the local Conservative organization, held Tuesday night, the following delegates were selected to attend the Conservative convention at Lundbreck: Norman Macauley, M. Morrison and H. S. McElbain, with Charles Dunlop alternate. The delegates will go immediately.

Of Offering Real Estate For Sale in the Town of Coleman

The amended complaint against Joe. Stephenson, brought by Town Constable Ford, in which Stephenson was charged with offering real estate for sale without procuring a license, was heard Tuesday afternoon before Judge Disney.

Ford had a couple of witnesses and Attorney Moore present, but not a title of evidence to substantiate his charge. In fact the court made the statement that the witnesses should have been summoned for the defense, not the prosecution.

After spending a couple of hours over the case, the court dismissed it for want of any corroborating evidence to sustain the charge.

And, in the meantime, the town pays the costs.

Whist Drive

Another of those popular entertainments—a whist drive for men only—was held at St. Alban's Institute Tuesday night. While not so largely attended as the last previous one, still those present were well entertained and spent a most enjoyable evening. The married men lined up against the bachelors and proved their superior nerve and thinking power by winning. Refreshments, in the shape of delicious sandwiches, cake and coffee, were served.

T. Strothers, of the local bank staff, leaves tomorrow for Calgary, having been promoted to the city branch of the bank of Commerce.

FORTNIGHTLY PAY FOR MINERS

Hon. A. J. McLean's Amendments to the Mines Act Approved by the Legislature—Miners to be Paid Bi-Monthly

The amendments to the Mines Act, introduced by Hon. A. J. McLean, making it to all intents and purposes a new bill, were approved by the legislature last Thursday and the coal miners in Alberta will be paid twice a month instead of the monthly pay formerly in vogue. This will not only benefit the men themselves but the merchants and business men in the towns in which coal mining is the chief industry, and is one more evidence of the careful attention to the needs and desires of the workmen shown by the Sifton government.

The Act will come into force immediately it has received the assent of the Lieutenant-Governor, and all wages must be paid as provided in the Act, notwithstanding any existing agreement between the mine operators and the miners. The amendment is provided by the addition of the following sub-section to clause 34, which states how wages shall be paid:

"All wages earned by any person

or persons employed in or about a mine from the first day to the fifteenth day of each month, both days inclusive, shall be paid on the first Saturday of the following month, and on wages earned from the sixteenth day to the last day of each month, both days inclusive, shall be paid on the third Saturday of the following month—provided, however, that if the first or third Saturday is a holiday, the wages payable on such Saturday, shall be paid on the Friday next preceding such Saturdays."

Another important amendment asked for by the miners was inserted in the bill on motion of Hon. A. J. McLean. This is in regard to inspection wages must be paid as provided in the Act, notwithstanding any existing agreement between the mine operators and the miners. The amendment is provided by the addition of the following sub-section to clause 34, which states how wages shall be paid:

Synopses of Coal Mining Regulations

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon territory, and the North-West Territories, are leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the agent or sub-agent of the district in which the rights apply for are situated.

Interested territory (land must be described by sections, or legal subdivision of sections and in unsurveyed territory, tract, or tract of land shall be stated out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the agent with sworn reports accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, each report should be furnished at least once a year.

The lease will include coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the workings of the mine at the rate of \$10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of the Dominion Lands.

W. W. COBY, Deputy Minister of the Interior, N. B. Unauthorised publication of this advertisement will not be held for.

WOULD HAVE PEACE

Not Likely That Direct Action Will
be Taken Until After Decisive
Battle.

London.—It is becoming increasingly evident that Turkey is taking steps to resume the peace negotiations, although it is possible that no direct action will be taken until some decisive results in the fighting in the Gallipoli peninsula have been achieved.

It is understood that Tewfik Pasha, the Turkish ambassador, has had several interviews with the British foreign secretary recently, and that Rehad Pasha, head of the first peace delegation, has been ordered to remain in London. Hakkı Pasha will consult with Silma Pasha and Count Von Berchthold, the Austrian foreign minister at Vienna, before coming to London.

Another effort on the part of the Porte to raise a small loan in Paris has failed, owing to the refusal of the French government to open the Paris market. Official accounts of the fighting, issued at Sofia and Constantinople, are conflicting, but it seems to be certain that the Turkish arms have again met serious reverses, although Adrianople and Scutari are still holding out.

It is reported that this matter was discussed at a meeting of the ambassadors at the foreign office, but that it was decided that the powers would be unable to undertake the role because the allies had declared that in the future they would negotiate peace only on the battlefield.

LONDON CITY CLERK SNOB

Author Gives Impressions of a District Class in English Metropolis.

London, England.—Philip Gibbs, in an article in the National Weekly, declares that the city clerk is a snob of the first water.

I have studied him, Mr. Gibbs says, from the time when he first put on a high collar and cut the whiskers off his white cuffs, after a course of Pina's shorthand and typewriting, to the time when, as a middle-aged married man, his hair is becoming thin on the top and his conviction on all subjects of life have become as settled as the foundations of St. Paul's with only a few cracks in the superstructure.

After expressing his profound respect for many of the qualities of the city clerk's character, the writer continues:

But here my respect for the brain of the city clerk must give way to criticism. It is a brain which is filled with trivialities, with queer rubbishy notions and with many odd conceits.

It is one of the conceits of the city clerk that he belongs to the upper classes—whatever they might be. The fact that he wears white linen, a black coat, a bowler hat, and a crease down the middle of his trousers modifies his whole mental vision and gives a distinct taint to his outlook on life.

He holds aloof from the working classes, and has no share in their advanced property or in their social, political and power. He despises them as low people. He sneers at them as the great unwashed.

He allies himself, by imagination, with the capitalists (though he works on a starvation wage at sweated labor rates), and grows sentimental whenever a peer sells a piece of his old estate, or whenever there is a political attack upon the privileges of the very rich.

Under his bowler hat (cock-lined, at \$1.00), he is a snob of the first water.

Naming Senators

Ottawa.—It was stated that when the bill increasing the representation of the senate in the west becomes law the two additional seats in the upper house to which Alberta would be entitled will be filled by the appointment of Dr. Brett, of Banff, a former speaker of the Northwest Territorial Assembly, and Richard Secord, a prominent Conservative of Edmonton, who was on one occasion a candidate for parliamentary honors.

First Canadian 'Movie' Convention

Saskatoon.—A convention of the Saskatchewan Moving Picture Exhibitors' association will be held here this week and is said to be the first convention of moving picture show proprietors ever held in Canada. Proprietors of picture shows from Manitoba and Alberta have also been invited to attend. A permanent organization is to be formed.

Redistribution for Manitoba Promised

Winnipeg.—Premier Roblin in the legislature in speaking in connection with an item of expenditure, stated that there would be a redistribution of the seats in the province before another election was held.

15 Apaches Wreck a Ship

Paris.—Fifteen apaches broke into a wine shop in Montmartre at 1 o'clock in the morning, wrecked the bar, took the money from the till and tried to murder the proprietor. Three of them were arrested by the police during the night, but not before a policeman had been wounded and one of the apaches had been shot through the shoulder.

Grace Darlings' Boat

London.—It was reported at a meeting of the council of Armstrong College, Newcastle, that Lady John Lecky-Cecil had presented to the college the boat in which Grace Darling and her father went to the assistance of the crew of the wrecked Fortharish on Farne island in September, 1838.

Rough Voyage

Liebovitz.—The Russian steamship Verna arrived in port from Lisbon with 1000 passengers, bound for New York, six days overdue. They experienced heavy weather crossing the Atlantic and ran short of coal. After coal was sent they proceeded to her destination.

Berlin.—Experiments with a specific of which the principal ingredient is liquid gold have obtained successful results in the cure of skin diseases, at dermatological department of the Breslau University.

SECRET FLIGHT OF AIRSHIP

England Believed to be Visited Almost Nightly by a German Craft

London, England.—Is a German airship making flights by night over England? That is a question which is being asked by many people in view of the repeated reports of a mysterious night aircraft from various parts of the country.

The latest appearance of the mysterious craft has been noted at Manchester. This was on Monday night.

A leading resident at Stretford, Manchester, states that he saw an airship which at first looked like a huge ball, passing overhead in a southerly direction about 9 o'clock on Monday night. He estimated its height at 700 feet and saw that it carried a light, which at first seemed yellowish, but afterward light red.

It seemed to be travelling at the rate of about forty miles an hour, and when it had turned westward in the direction of Liverpool. It was, in the opinion of the onlooker, an airship of huge size. No sound was heard, but that is attributed to the wind.

It will be recalled that just before the end of last year an airship was said to have been seen at night over Shrewsbury, and this was afterward stated to have been the Zeppelin airship Hansa.

Subsequent reports of an airship flying by night over Liverpool, from Devonport, January 1; Yarmouth, January 15; Bristol Channel and Cardiff, January 18; Yarmouth, January 18; Aberystwyth, January 25; Liverpool, January 25.

Several of the reports stated that the aircraft carried a light or lights and the chief constable of Glamorgan-shire said that it left a trail of smoke behind.

The Hansa can travel at the rate of fifty miles an hour, and has a range of 1000 miles. It is about 500 miles in a straight line from Friedrichshafen, on Lake Constance, where the Zeppelins are built, to Liverpool. It is an airship paragon further north in Germany and the German coast is less than 500 miles from Manchester.

AMERICAN SUED BY SERVANTS

Her Luggage Seized at Hotel to Satisfy Claim for Unpaid Wages

Paris, France.—Mrs. Peter Martin, a wealthy American, whose husband is said to possess large estates in Oregon, is the plaintiff in an action brought by a couple named Demontfaucou, who had been employed by her as chauffeur and lady's maid.

The couple were engaged by Mrs. Martin, three years ago, their wages being \$120 a month for the husband and \$30 a month for the wife. They accompanied their mistress to the United States, made several journeys with her in America, and, difficulties having arisen between them, left her services at San Francisco. Mrs. Martin was returning to Europe, but refused to pay the passage money, as the Demontfaucous insisted on travelling by a French liner.

The French consular effort to bring about a settlement proved futile, and the chauffeur and his wife paid their passage to France. When their former mistress came to Paris recently the couple caused her luggage to be seized at the fashionable hotel where she was staying, and to obtain possession of it Mrs. Martin had to appear before the Seventh Chamber and make an explanation and deposit a sum of money.

When the case came on for hearing the Demontfaucous claimed a total of \$400 for damages, and their expenses from San Francisco to Paris. Mrs. Martin offered \$14 in settlement of their claim.

The court held that the mistress was responsible for the repatriation of her servants, but that they could not demand to be sent back by a more expensive route than that by which they had gone out, and awarded the couple \$140.

KILLS WIFE WITH HER CONSENT

Could Not See Her Suffer From Agony of an Incurable Disease

Paris, France.—The question of whether murder is permissible in the case of a person suffering from a painful and incurable disease is again being discussed in Paris in consequence of a double tragedy which took place in the Rue de Belleville.

Eugene Carriere and his wife, who lived with their son in a little flat, were found dead by the son. The wife had been strangled, and Carriere hanged himself in the adjoining room.

Mrs. Carriere was suffering from spinal trouble, and the physician told her husband that she could not be cured. She suffered greatly and she and her husband agreed to die together.

When the son came home from work his father told him that his mother had been removed temporarily to his bedroom and asked him to sleep at the residence of his uncle.

When the son returned to the flat his morning he found his mother dead in bed. A note written by his father lay on the table. It explained that, unable to see his wife suffer any longer he ended her life with her consent, and was about to hang himself.

When the son came home from work his father told him that his mother had been removed temporarily to his bedroom and asked him to sleep at the residence of his uncle.

When the son returned to the flat his morning he found his mother dead in bed. A note written by his father lay on the table. It explained that, unable to see his wife suffer any longer he ended her life with her consent, and was about to hang himself.

Want to Keep Their Gas

Medicine Hat, Alta.—The announcement by C. R. Mitchell, in the legislature that the government propose the export of natural gas from his district to points outside of the province of Alberta, gives much satisfaction here. It is said that Dr. Toche, minister of the interior, has given a similar promise, but has made no public announcement yet.

The people of this district are very much opposed to the scheme to pipe gas from his field to eastern points.

Army Increase

Brussels.—The minister of war introduced in the chamber of deputies the army reorganization bill. This involves an additional army expenditure of \$4,300,000.

Prince Albert, Sask.

Elaborate preparations are being gotten under way for the entertainment of delegates from the Association of the Association of Rural Municipalities which meets here March 5, 6, and 7.

PARIS LAWYER'S PLEA FOR LADY MACBETH

Leading Criminal Barrister Shows How he Would Have Defended Her on Trial

Paris, France.—M. Henri Robert, the leading French criminal barrister, held a brilliant and distinguished gathering at the Université des Annales, as he showed how he would have defended Lady Macbeth.

In his impassioned defense of the tragic queen, M. Robert said she was not the shrew she has sometimes painted. Her husband, whom she loved dearly, was always absent on forced expeditions. When he returned for a brief spell he spent his days hunting and his nights in the great hall of the castle in drunken revelry, until he and his friends fell asleep in their armor. Was it not natural that she yearned for something she knew not what, that would put an end to her life of loneliness, monotony and weariness?

Another point, said M. Robert, which I would argue in defense of my client—a point on which Shakespeare is silent—is the long and deadly feud between Lady Macbeth and the family of the old King Duncan. Her first husband, her father-in-law, her brother and her grandfather had all been killed by Duncan's grandfather, and she only saved her own life by fleeing to Ross, where she met General Macbeth, whom she afterward married.

A vendetta existed between her family and that of Duncan.

That, said M. Robert, is the defense I put forward for Lady Macbeth.

When a mother detects from the writhings and frettings of a child that worms are troubling it, she can procure no better remedy than Miller's Worm Powders, which are guaranteed to totally expel worms from the system. They may cause vomiting, but this need cause no anxiety, because it is but manifestation of their thorough work. No worms can long exist where these Powders are used.

London.—At one of its meetings recently, Faddington borough council will be advised by its general purveyor committee to refuse to administer the shop house, as proposed by the home secretary.

SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For two years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sensitive Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. C. E. Reed, 106 Mount St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have much to tell you that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was necessary.

"Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. J. A. Lynch, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

W. N. U. 936

SWISS AND FRENCH NOW WANT FREE TRADE

Would Abolish Vexatious Custom House System Along Their Frontier Lines

Geneva.—A very important movement for free trade between the frontier departments of France and the Swiss-French cantons is not only on foot, but the next French president and his cabinet will be called upon to decide the question.

This French deputy, M. Kaulle Favre, who is at the head of an important group of free traders in Haute-Savoie, which includes the most influential and perhaps the most wealthy men, has issued a petition to the French government to denounce the treaty of June 14, 1861, with Switzerland, and permit free trade between the French frontier territories called the zone, and the Swiss cantons touching them.

There is much indignation in Haute-Savoie against the existing tariff with its neighbors, the Swiss, who are willing to see the custom house on the frontier abolished, but on equal terms, Switzerland is ready to meet France half way in this important matter, which will rid both countries from the keeping up at every important railway station and rout a staff of custom house officials, while it is certain that the trade, even local, on the frontier will be greatly increased and certainly facilitated.

She Didn't Care

Our club for entertaining literary lions is finally ready. Now what literary lion will entertain first?

The president was all tired out from selecting a fall list. I don't care, she said wearily. Anybody who doesn't eat with this club.

PILLS CURED IN 6 TO 14 DAYS

Your druggist will refund money if PAZO OINTMENT fails to cure a case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

Good Evidence

Do you really think that your sister is making such a match with the baron?

Judging by the great number of anonymous letters addressed to her, I should say so.

Minard's Liniment Cures Gargot n Cows

Up-to-Date

Father—No, does this young lady you are going to marry know how to bake, mend and clean?

Son—Certainly not. I'm proud of Mildred, she only knows how to run a seven passenger gig, put on a spare tire, fix a carburetor and read a taximeter.

ALL CAME FROM THE SAME CAUSE

WHY DODD'S KIDNEY PILLS CURED MME. DUFFALO'S ILLS

She Had Diabetes, Sciatic, Backache and Headache but Found Speedy Relief in the Great Canadian Kidney Remedy.

S. Boniface, (Special).—After suffering for three years from a complication of diabetes, sciatic, backache, and headache, I was cured by Dodd's Kidney Pills. This city, is once more in perfect health and Dodd's Kidney Pills are credited with another cure of a case of the same kind.

Madame Duffalo says:

"Yes, I am again a well woman, and I thank Dodd's Kidney Pills for it. I suffered for three years and I may say I had pains all over my body. I had sciatic, neuralgia and diabetes. My back ached and had pains in my head. I was nervous and tired all the time; there were dark circles around my eyes which were also puffed and swollen, and heart fluttering added to my troubles.

"But when I started to use Dodd's Kidney Pills I soon began to feel better. I took thirteen boxes in all, and I think they are a grand medicine."

Every one of Madame Duffalo's ailments is a direct result of the diseased kidneys. That's why Dodd's Kidney Pills so quickly cured them all.

The witness on the stand was being subjected to cross-examination. In answering the question he nodded. Whereupon the court stenographer who could not see the witness, demanded: Answer that question.

The witness replied:

"I did answer it. I nodded my head. Well, I heard it rattle, but could not tell whether it was up and down or from side to side, answered the stenographer."

They Cleanse While They Cure.—The vegetable compounds of which Parnelle's Vegetable Pills are composed, mainly dandelion and mandarin, clear the stomach and intestines of deleterious matter and restore the deranged organs to healthful action. Hence they are the best remedy for indigestion available.

A trial of them will establish the truth of this assertion and do more to convince the sinner than anything that can be written of these pills.

\$80,000 For John B.

Stories by the hundred are told of the kindness of the late J. B. Carleton of Toronto, the former insurance magnate, who died recently, his pluck and endurance, and his humor, both in the days of his good and evil fortune. While he was yet a new man in the land, it was he who carried \$80,000 of campaign funds from Toronto to Ottawa in a satchel. With this he wakened the great Sir John in the night hours, and when that great man awoke on that occasion to unseat the Carletons in a satchel. With this he wakened the great Sir John in the night hours, and when that great man awoke on that occasion to unseat the Carletons in a satchel. With this he wakened the great Sir John in the night hours, and when that great man awoke on that occasion to unseat the Carletons in a satchel.

Try It!

Great gobs of gladness is their theme.

The first that comes to hand. They tell the people they should use This one and only brand.

But do they use it by themselves? I mean outside their home—

Which to make a bright world? I fear they haven't time.

Oh, gladness, you're the goods For use in daily life.

Far better than the grim old crouch Which leads to care and strife! And if you don't use it, you're

The impulse of his song: You'll find that the advice is good Enough to take along.

THE TURKS THREATEN TO SUE POSTUM CO.

The Turkish consul in this city is indignant. Whether it is because the Turkish people have been called the "Turks" or because the statement has been made that they are "also the greatest coffee drinkers in the world," is not clear. The Turkish consul will say nothing further than the Turkish people have been labelled, or nearly so.

The whole trouble came about because of an advertisement of the Postum people in which the statements already mentioned were printed, and it was added:

"See the point?" "We are not quite sure it could help them, but instant Postum helps lots of people. There's a reason."

The Turkish consul's office called several newspaper offices on the telephone, and said the advertisement was "silly," ridiculous, and threatened to bring suit in the courts.

At the office of the consul, 55 Liberty street, a man connected with the office, and who acted for the consul, said:

"We did telephone about the ad. and have the matter under consideration, but no action has been decided upon as yet. A statement may be issued in a few days."

"Will there be any court action?" he was asked.

"There may be. We haven't quite decided. We can give you no further information just now."—New York Globe and Commercial Advertiser.

The Test Clays

The Geological Survey of the Dominion has secured accommodation in the laboratories of the mining building at the University of Toronto, for the purpose of carrying on experimental work on clays and shales.

Joseph Keene, geologist in charge of the clay investigation of Canada, has been in the water, and brings with him about two tons of samples collected during last summer in the Province of Quebec, New Brunswick and Alberta.

Mr. Keene has been working exclusively on clay and shale deposits during the last few years. He has published reports containing practically the only information available on these materials in this country.

The faculty of applied science have long been aware of the growing importance of the clay working industry in Canada, and the need for wider technical knowledge of the raw materials and processes involved in it.

Making a Bank Check Talk

Making checks or bank notes that are capable of speaking is one of the latest precautions against forgery that has been invented. The note gives the power of utterance by applying to its edge a pictorial record of the person who has written the note.

When the pictorial record is placed in a photograph the phrase is reproduced in the presence of the person who has questioned the genuineness of the note.

Private Office

Cramping down ill-chosen food, and rubbing back to rest, leads straight to dyspepsia, with all its means in misery.

Proper habits of eating, with a Ha-Dru-Co Dyspepsia Tablet after each meal, restore good digestion, health and happiness.

A box of Ha-Dru-Co Dyspepsia Tablets costs but 50c. at your Druggist's. National Drug and Chemical Co. of Canada, Limited.

What did you do?

GOLD COIN SCARCE IN FRANCE

Banks and Individuals Hoard Yellow Metal Since War in Balkans

Paris. Some Americans who have visited Paris recently have been surprised at the scarcity of gold. Gold is virtually unobtainable, but silver five-franc pieces (about \$1) are almost too abundant.

A reporter for a morning paper that he had set out in the morning with \$50, all in silver. Ordinarily, that sum would have been represented by fifteen louis in his waistcoat pocket, but now his pockets bulged with sixty-five-franc pieces. The Bank of France has a larger reserve than any other bank in the world, and at the present moment the gold in its coffers amounts to more than \$625,000,000. Yet at the bank or the shop if you change a 100-franc note you will get little gold in return.

Even at the Bank of France it is the same. That institution has the right to pay its notes in gold or silver, and five-franc pieces are legal tender for any amount. Financial houses who draw on the national bank for their supplies have to be content with \$200 in gold to every \$2000 in notes and silver.

This gold stringency first became noticeable on the outbreak of hostilities in the Balkans and since then the Bank of France has shown itself very reluctant to part with gold. Private citizens and peasants in the provinces are also hoarding gold. In this connection, one of the newspapers mentions the case of one man in Paris, a floor polisher, earning about \$10 a week, who has scraped together nearly \$1400 in gold, against the odd day.

Minard's Liniment Cures Disemper

Oh, gladness is a splendid thing For buds to write about

When they are very sorely pressed And subjects have to run out:

Their souls may not be soaked in joy To touch the gentle strain,

And they may have a rough so large That it would block a train.

But still they write of cheerfulness As though it were a part

Of their existence and it gushed In torrents from their heart.

They put aside their aching tooth: The bill they cannot pay.

The rent that's always overdue, And then they work away.

Great gobs of gladness is their theme. The first that comes to hand.

They tell the people they should use This one and only brand.

But do they use it by themselves? I mean outside their home—

Which to make a bright world? I fear they haven't time.

Oh, gladness, you're the goods For use in daily life.

Far better than the grim old crouch Which leads to care and strife!

LOCAL AND DISTRICT HAPPENINGS

Events of Interest to Coleman People Garnered During the Week and Presented in Readable Form

The Eagles gave a dance in their hall Monday night.

Easter bonnets got a chill when taken out to church Sunday.

The bank, postoffice and meat markets closed on Easter Monday.

The March lamb sure developed a link in its tail during the past week.

A. E. Smith, manager of the Lethbridge Herald job department, was in town Tuesday.

J. O. Jones, vice president of District 18 U. M. W. of A., spent Good Friday in Coleman.

The pupils of the public school had a cessation from studies Good Friday and Easter Monday.

The stork left a ten pound boy baby at the home of Mr. and Mrs. D. A. Macaulay last Thursday.

Wanted—A four or five room house, somewhere on the north side hill. H. C. McBurney, druggist.

A. M. Morrison and Charles Oulmette made a business trip to Lethbridge the first of the week.

The Coleman hotel has started spring housecleaning by laying new carpets in the upstairs halls.

Mrs. A. A. Sparks and Mrs. Bond, Blairmore, drove up to Coleman Sunday morning to attend church.

A baseball club has been organized at Cowley with H. C. Morrison manager and W. K. McKay captain.

T. Strothers, of the local bank staff, has been promoted to the Calgary branch of the Bank of Commerce.

Robert Cummings, of the office staff of the Bellevue coal mines, dined at the Coleman hotel Sunday night.

Mr. and Mrs. A. M. Morrison and Miss Maud Crosley were guests of Alex Cameron at dinner Sunday night.

E. M. Perkins, of Pincher Creek, spent Sunday and Monday in town. Mr. Perkins was formerly connected with the Bank of Commerce here, but is now with a banking institution at Pincher.

A new bell has been procured for the public school and rang out its music for the first time Tuesday morning.

W. C. Smith, operator at Wycliffe, B. C., spent Sunday in town renewing old acquaintances and holding hands with his best girl.

A mighty nifty sign has been turned out for the new proprietors of the McDonald Delivery barn by Harry Higgs. The sign is a whopper in size and even a blind man could read it.

Thomas Frayer spent a few hours in Blairmore, Saturday, returning to Calgary on the evening train. Mr. Frayer is arranging to move his family to Calgary, where he will make his future home.

Miss Maud Crosley, of Calgary, was the guest of Mrs. A. M. Morrison this week. Miss Crosley is an old time friend of Mrs. Morrison, their acquaintance having been begun and cemented in the east.

The new public school bell is a decided improvement on the old one; its tones are sweet and clear, and at the same time loud enough to call the schoolma's up from Blairmore—if they are not too busy to listen.

Dick Marshall, of Blairmore, defeated Bud Foley, of New Dayton, in a boxing contest at Blairmore last Saturday night. The affair was scheduled for 15 rounds, but Marshall finished his man in the sixth round.

The staff of the local branch of the Canadian bank of Commerce was entertained at dinner Saturday night by manager R. B. Buchanan, at the Frank Sanatorium. The party drove down to the town that is moving and after dining well drove home in the gloaming.

A wedding was scheduled for last Saturday, but did not occur. The groom had procured the license, ring and ecclesiastic, but at the last moment the bride-to-be, a girl of about fifteen, exercised her womanly privilege and changed her mind. And now a license and a ring may be obtained at cut rates.

Attorney Moore of Frank, was in town Tuesday.

Mrs. Hotchkiss, of Calgary, is the guest of her parents, J. Scott and wife.

The opera house has been redecorated and now presents a handsome appearance.

Thomas, the little two year old son of Constable and Mrs. Grant, has been very ill this week.

Miss Marie Gilbert, of Cranbrook, B. C., was the guest of friends in Coleman yesterday.

Mr. and Mrs. George Penn, of Monarch, are guests of relatives and friends here this week.

Norman K. Laxton, of Banff, has been appointed returning officer for Rocky Mountain riding.

Mark Sartoris, proprietor of the Italian store, was a business visitor to Pincher Creek this week.

The trial of Charles Lelley is set for next Monday, the 31st inst., before Judge Crawford, at Macleod.

There will be a business meeting of St. Alban's W. A. in the Parish hall on Wednesday next at 8 p. m.

R. Eastwood, the fitter, has installed an electric iron, one of the first seen in this section of the Pass.

W. J. Stewart, arrived from Calgary this week to take a position in the local branch of the bank of Commerce.

Colin Macleod spent twelve trains in town Tuesday night, looking over the political situation and a few other good things.

A foreigner was run in by the police Tuesday, charged with begging. The plead guilty and drew the minimum fine and costs.

H. G. Goodeve has faith in the weather man, sending us spring weather soon, and shows it by advertising baby carriages.

The Masonic hall tonight will be the event of the season, and has caused quite a flutter among the belles and swain of the Pass during the past couple of weeks.

Plants and Antel are anxiously awaiting the disappearance of the snow, that they may bring their new five-passenger Ford car up from Blairmore. The car will be added to the livery, and joy rides will be common the coming summer.

Baby Carriages

A shipment of something real new and nifty in the line of baby carriages has been opened up and placed in our salesrooms for your inspection.

The lot comprises carriages embodying the very latest ideas in beautiful lines and finish, artistic designs and comfort for the little ones.

Baby carriages and go-carts you can push along the streets with a feeling of pride, week days or Sundays—pride in the vehicle as well as the baby.

And then our prices are so reasonable that no self-respecting man or woman can afford to do without one—a baby carriage.

LINOLEUMS

We could fill this entire space, and then some, describing the beautiful colorings and artistic designs of our new linoleums and then the half would not be told. Visit our salesrooms and be your own judge.

People are showing their appreciation for the Bulletin by coming in and subscribing.

Mark Drum, reporter on the Calgary Albertan, attended the Liberal convention Wednesday in the interests of that journal.

David Clelland Roberts and Miss Lizzie Cochran Pye were married at Blairmore on the 7th inst., and have taken up housekeeping here.

Manager Higgins and Jack Williams drove down to Blairmore the first of the week and brought home the Frayer cup and medals, awarded to the winners of Crows Nest Pass hockey league.

Hon. Mike Rossi, the spellbinder of Blairmore, spent a few hours in Coleman Sunday. He stated that Blairmore was getting too slow for a man of his ability, and he was leaving Monday for Calgary.

It is rumored about town that Charles Dunlop will be appointed deputy postmaster under Postmaster Graham, as soon as the latter takes over the Coleman office. Mr. Dunlop should fill the bill very acceptably.

Miss Mary Murphy became the bride of Thomas Wilson Sloan last week, the ceremony being performed at the home of Mr. and Mrs. Wm. Chalmers Burns, by Rev. T. M. Murray. The newlyweds have embarked in the joys of housekeeping in Coleman.

A near riot occurred at the special meeting of the school board last Thursday night, when David H. Hyslop, a member of the board, referred to the king in complimentary terms. The epithet was objected to vigorously by Harry Clark and for a time it looked as though the affair would be settled by a resort to battlefists.

Archdeacon Hugh M. A., of Calgary, one of the most able and popular preachers of the Anglican church in Alberta, will be visiting St. Alban's on Sunday week, and will occupy the pulpit at the evening service. The archdeacon is a former Grand Officer of the Provincial Lodge of the A. F. and A. M. and will be the guest of Judge Disney.

A foreigner was picked up by Constable Grant, this week, and locked up on a charge of begging. The fellow, a Russian, was well dressed and stopped at the Coleman hotel. His mode of operation was the threadbare one of having relatives in Siberia sent there by the Russian government, and he was raising funds to secure their release. When searched at the barracks the fellow had \$1.10 in bank notes on his person.

Easter Services

Special Easter services were held in the Coleman churches last Sunday.

At the institutional church in the morning two Easter hymns were rendered by the children's choir. At the evening service the choir sang Caleb Simper's anthem "King of Kings." Rev. T. M. Murray spoke on "Victory" at the morning service, and "Life Through Death" in the evening.

At St. Alban's church there was a service of song entitled "The Mighty Victor" in the evening. This was composed of several choruses and recitations, the words and music being especially written for the Easter festival. The organ and Stokes' orchestra accompanied the songs.

Appropriate Easter music was rendered by the choir of the Catholic church.

Boys of St. Alban's

The boys of St. Alban's Institute have organized a football club and the following officers were elected at their last meeting: Captain, Tom Crawford; vice-captain, Edwin Nell; secretary, "Tuffy" Graham; treasurer, Rev. Watson-Jones. The colors of the team will be black and gold.

The Boys Club meets every Tuesday from 7:30 p. m. until 10 p. m., and receive instruction in ambulance work and shorthand. A physical drill class will be started as soon as the necessary assistance can be secured. These classes are open to all boys in the town, above the age of 12 years.

Won an Irish Bride

News has just reached Coleman of the marriage of William Kilgannon to Miss Mary Ellen Murray at Belfast, Ireland, February 4, 1913. The ceremony was performed at St. Mary's church by Rev. Father Murray, cousin of the bride. The groom returned to Canada last Wednesday and is the guest of his brother, James Kilgannon in Coleman. Mrs. Kilgannon will join her husband early next summer and they will make their home in Calgary.

ACCOUNTANT WANTED

The Western Canadian Co-Operative Trading Co., Ltd., Coleman Alberta, invite applications for the position of bookkeeper. Annual trade exceeds one hundred thousand dollars. Must be an experienced accountant, energetic, tactful in collecting accounts, and not afraid of work. Apply not later than April 10th, stating age, salary required, when disengaged and enclosing copies of recent testimonials.

Are you "square" with the Bulletin?

New Drug Store

That Coleman will have a drug store in the immediate future is now assured. H. C. McBurney, of Diamond City, was in town Saturday and purchased the building used as a post-office from A. M. Morrison, securing the lot on which the building stands from W. L. Oulmette. E. Disney has been engaged to put a plate glass front in the building and make other necessary alterations, and the new drug store will be open for business on or about April 7th.

Mr. McBurney is a graduate of the Ontario College of Pharmacy and thoroughly understands the drug business. He will put in a stock of clean, fresh drugs, in addition to an up-to-date stock of druggists sundries and novelties.

Coleman needs a drug store and needs it mighty bad, and Mr. McBurney should, and doubtless will, receive a liberal patronage from the people of Coleman as well as other towns in the Pass.

Forward Movement Visits Coleman

On the afternoon of Good Friday a delegation drove up from Bellevue and spent a few pleasant hours in Coleman. The visiting delegation was from the 42nd Forward Movement of Bellevue, and was accompanied by Fred Hanson, W. Shone and James Callan. Eight members of the order comprised the party. The 42nd Forward Movement is not a religious order, neither is it strictly secular, it comprises a bunch of good fellows banded together for good fellowship. In the summer season the members of the order hold frequent picnics, in the colder weather drives and dances. Initiation, for the next two weeks, will be \$5.00—cash in advance—the sole requirements, in addition to five plunks, being the candidate must be a good fellow.

Bring the Key

If the author of a poem entitled "Coleman Hockey Club," sent to this paper, will call at the Bulletin office and disclose the identity of "A Booster" we may see our way clear to comply with his or her wishes.

"Irish" Dave Roberts' faithful canine friend and companion for the past four years, was killed by a train a few days ago.

He served seats for the Bostonians who appear at the opera house April 4, may be obtained at the office of the Coleman Realty Co.
